ACKNOWLEDGEMENT

We are thankful to the Ministry of Tourism Government of India for assigning to the Datamation Group, New Delhi the prestigious study for conducting “Tourism Survey for the State of Tripura”. We would also like to acknowledge cooperation, support and input we received from the Market Research Division, Ministry of Tourism-Govt. of India & Department of Tourism, Tripura for ensuring successful completion of the survey which was carried out in all districts of Tripura.

We would like to thank first and foremost Secretary Ms Rashmi Verma , Director General Mr Satyajeet Rajan Shri S M Mahajan- Additional Director General, Dr. R.K. Bhatnagar -Ex- Additional Director General (MR), Ms. Mini Prasanna Kumar- Director, Ms. Neha Srivastava - Deputy Director (MR), Mr. Shailesh Kumar - Deputy Director (MR) for providing us necessary guidance and periodical support for conducting the survey. We would also like to thank Mr. S.K. Mohanta, Programmer - MR and other team members for providing us support and help.

The present report is an outcome of dedicated commitment to the field survey of the research investigators and cooperation received from the officials of Tripura Tourism. We would like to thank Hon. Secretary, Tripura Tourism, current Managing Director as well as previous Managing Directors of the Tripura Tourism Development Corporation (TTDC), General Manager-TTDC for extending their cooperation in the execution of the survey.

We are also thankful to all staff members and hotel staff of Tripura Tourism and Tripura Tourism Development Corporation Ltd. for offering all possible help and support while collecting data on Tourism in all districts of Tripura.

The assigned members of the team devoted themselves with complete sincerity in completing targeted work by keeping up the momentum and time schedule of the survey which involved movement in a very difficult terrain. Last but not the least we would also like to thank our entire team of research professionals as well as our field staff and support team for their co-operation and team spirit.

Executive Summary

In Tripura four different types of survey, namely, enumeration and short survey at destinations, exit survey at exit point(s) at district headquarters and accommodation unit survey were conducted during the period March 2014 to February 2015. The survey data were tabulated and estimates of various parameters were made following the approved tabulation program.

In case of Domestic Tourists; the survey findings suggest that peak months for overnight and same day tourist visits were October 2014 (50986), December 2014 (48594) and November 2014 (41190). In case of Foreign Tourists, the survey findings suggest that peak months for overnight and same day tourist visits were 2014 (4641), September 2014 (2781) and December 2015 (2754).

The survey findings suggest that total numbers of leisure tourists (199017) were higher than non-leisure tourists (26468) during the year 2014-2015. The highest (26677) number of leisure domestic tourists visited Tripura during the month of October 2014, whereas the maximum (3758) number of non-leisure tourists visited the state during the month of December. Furthermore, in the case of same day domestic visitors the survey findings suggest that the total numbers of leisure tourists (112407) were higher than non-leisure visitors (15188) during the year 2014-2015. The maximum (16481) number of leisure same day tourists and (1837) non-leisure tourists visited Tripura during the month of October.

In the case of overnight foreign visitor the survey findings suggest that total numbers of foreign leisure tourists (21805) were higher than non-leisure tourists during the year 2014- 2015. The highest (3375) number of foreign leisure overnight tourists visited Tripura during the month of October, 2014 whereas same day foreign visitors (701) visited Tripura during the month of June 2014.

The survey findings suggest that hotel was first choice for the domestic tourists, followed by staying at friends/relatives place and staying elsewhere. Most of the foreign tourists stayed at hotels and other with friends/relatives.

The sample sizes of the four groups are 6733 domestic overnight, 5295 domestic same day and 694 foreign overnight visitors and 118 foreign same day visitors. Most of the domestic visitors (44.6%) were interviewed at the bus station. Nearly 54% of the foreigners were interviewed at airport.

Most of the male and female domestic overnight as well as same day visitors are in the age category of 25-44 years. Only very small proportion of domestic and foreign same day visitors is of 55 or more years of age.

Majority (67.3%) of foreign overnight male visitors is aged 25–44 years and the corresponding figure for females is 70.9%.

In the case of both domestic and foreign visitor's percentage of male overnight and same day visitors were higher than female visitors. Among domestic visitors, 61.6% overnight visitors and 56.8% same day visitors were married. Also 69.6% overnight foreign visitors and 57.6 same day visitors were married.

About three fourth of the foreign overnight visitors were accompanied by one or two or three persons. Majority of the overnight domestic visitors came with 4-5 persons and the highest proportion (42.3%) for same day visitors is with 3 or less persons.

Most of the same day domestic visitors came with males. The highest proportions of the three groups (domestic overnight, domestic same day and foreign overnight) have companions with age between 21 and 30 years.

Nearly 47.3% of the domestic and 56.3% of the foreigners spent two nights in that location. Majority (52.4%) of the domestic overnight visitor and 55.0% same day visitors had an annual household income range of Rs. 60001-Rs. 200001/- and above. Nearly 59% of the foreign overnight visitors and (61.3%) same day were coming under the household annual income range of \$.60, 001–\$.80,000/-.

Maximum number of domestic overnight, domestic same day visitors and foreign overnight and same day visitors had an educational level of graduation and above. The second highest is higher secondary education for domestic visitors and technical and professional for the foreign visitors.

Majority of the domestic and foreign visitors visited Tripura in their Holidays, Leisure & Recreation. The next important purpose of visit is Education and Pilgrimage and religious activity for domestic visitors.

About 44.5% of the domestic overnight visitors selected Bus/Taxi as mode of transportation, whereas most (48.4%) of the domestic same day visitors selected bus as mode of transportation. In the case of foreign overnight visitors 55.6% selected taxi as a mode of transportation whereas same day visitors selected others as the mode of transportation.

Most of the domestic overnight visitors (68.3%), domestic same day visitors (39.7%) and foreign same day visitors (50.6%) were traveling once in a year or less often, whereas 59.4% foreign overnight visitors and same day visitors were traveling less often.

Majority of the domestic overnight visitors (88.7%) and same day visitors (83.2%) were not availing tour package. On the other hand, 43.7% of the foreign overnight visitors were availing tour package.

Majority of the domestic overnight visitors (78.4%), same day visitors (84.2%), 95.2% of the foreign overnight visitors and 97.9% foreign same day visitors were arranging the travel mode by themselves. Also 3.7% of the foreign overnight visitors and 8.7% Domestic overnight visitors were arranging the travel mode with the help of travel agents and by Office/Employer.

Non-Star hotels (42.5%) were the major place of stay for the domestic overnight visitors, followed by friends & relatives (21.4%) & Govt. guest house (19.1%). On the other hand, star hotels (40.6%) were the major place of stay for the Foreign Overnight Visitors.

Place of lodging and Restaurants were the major eating place for majority of the visitors. Fast Food Outlets were the second preferred eating place for domestic same day visitors as well as foreign same day visitors. Domestic overnight visitors and foreign overnight visitors preferred cafeteria as the third option for eating.

Majority of the domestic overnight visitors were satisfied with most of the services. Very few were completely dissatisfied with the availability of tourist guide and availability of tour operator.

Majority of the domestic same day visitors were either satisfied or highly satisfied with almost all parameters. Most of the foreign overnight and same day visitors were satisfied with all parameters.

Most of the domestic and foreign overnight visitors and same day visitors selected the option “As per expectation”. The average expenditure on package component of packaged tour of domestic and foreign tourists is not very high.

More domestic tourists visited Assam, West Bengal and Delhi, while more foreigners visited Delhi, Maharashtra, West Bengal and Pondicherry.

The sample sizes of the four groups are 31910 domestic overnight, 24538 domestic same day and 749 foreign overnight visitors and 403 foreign same day visitors. Most of the domestic (58.7%) and foreign visitors (66.8%) the entry points is the Airport. Nearly 44.5% of the domestic visitors are from the other district. Nearly 89% of the tourists visit the destination once in 6 months.

In the case of both domestic and foreign visitor's percentage of male visitors were higher than female visitors. Almost all foreigners stay at hired accommodation while among the domestic visitors, 59.7% stay at hired accommodation as well as with friends & Relatives (33.7). Among the domestic tourists, the highest proportion got information about tourist destinations from their friend and relatives while foreign visitors got it from internet.

The survey findings suggest that in total 220 accommodation units were available during the year 2014-2015, 2879 rooms, 4890 beds and 4203 employees. Majority (48%) of the employees are in the age group 26-40 years. Majority (39%) works in the F&B department.

Chapter 1 Introduction

1.0 About Tripura

Tripura is a state in North East India. The third-smallest state in the country, it covers 10,491 km² (4,051 sq mi) and is bordered by Bangladesh to the north, south, and west, and the Indian states of Assam and Mizoram to the east. As of 2011, the state had 3,671,032 residents. The Kokborok-speaking Tripuri people are the major group among 19 tribes and many sub tribes. The area of modern Tripura was ruled for several centuries by the Tripuri dynasty.

Tripura has only one major highway, the National Highway 44. Five mountain ranges Boromura, Atharamura, Longtharai, Shakhan and Jampui Hills run north to south, with intervening valleys Agartala, the capital, is located on a plain to the west. The state has a tropical savanna climate, and receives seasonal heavy rains from the south west monsoon. Forests cover more than half of the area, in which bamboo and cane tracts are common. Tripura has the highest number of primate species found in any Indian state. Due to its geographical isolation, economic progress in the state is hindered.

Mainstream Indian cultural elements, especially from Bengali culture, coexist with traditional practices of the ethnic groups, such as various dances to celebrate religious occasions, weddings and festivities; the use of locally crafted musical instruments and clothes and the worship of regional deities. The sculptures at the archaeological sites Unakoti, Pilak and Devtamura provide historical evidence of artistic fusion between organized and tribal religions.

1.2 Tourism in India:

The tourism industry in India is substantial and vibrant, and the country is fast becoming a major global destination. India's travel and tourism industry is one of them most profitable industries in the country, and also credited with contributing a substantial amount of foreign exchange. The Tourism Ministry has also played an important role in the development of the industry, initiating advertising campaigns such as the 'Incredible India' campaign, which promoted India's culture and tourist attractions in a fresh and memorable way. The campaign helped create a colorful image of India in the minds of consumers all over the world, and has directly led to an increase in the interest among tourists.

1.2.1 Growing Trend of Tourism Sector in India:

The increasing numbers of both domestic as well as international tourists have been very encouraging for the Indian travel and hospitality sector which has nearly doubled during the last three years. The tourism and hospitality industry experienced a healthy growth trend.

1.2.2 Foreign Tourist Arrivals (FTAs):

During 2012 FTAs in India were 6.38 million with a growth of 4.3% over 2011. FTAs during 2013 were 6.97 million with a growth of 5.9%, as Compared to the FTAs of 6.38 million during 2012. During the year 2014 (7.68 million), FTAs in India registered a double digit growth of 10.2% over 2013.

1.2.3 Foreign Exchange Earnings (FEE) from Tourism:

Tourism is an important sector of Indian economy and contributes substantially in the country's Foreign Exchange Earnings. FEEs from tourism, in rupee terms, during 2012 was ` 94,487 crore, with a growth of 21.8%, as compared to the FEEs of `77,591 crore during 2011. During 2013, the Foreign Exchange Earnings (FEEs) from tourism registered a growth of 14% from `94,487 to `1,07,671 crore when compared to FEEs during 2012. FEEs from tourism in India in 2014 were `1,23,320 crore as compared to `1,07,671 crore in 2013 registering a growth of 14.5 % in 2014 over 2013. The FEEs from tourism in India, in terms `, during 2012-2014 are given in below.

1.2.4 Domestic tourism

The domestic tourist visits during the year 2011 are estimated to be 851 million, showing a growth of 13.8% over 2010.

1.2.5 Govt. initiatives

India's governmental bodies have also made a significant impact in tourism by requiring that each and every state of India have a corporation to administer support issues related

to tourism. The Government has allowed 100 per cent foreign investment under the automatic route in the hotel and tourism related industry, according to the Consolidated FDI Policy, released by DIPP, Ministry of Commerce and Industry, Government of India. The terms hotel includes restaurants, beach resorts and other tourism complexes providing accommodation and /or catering and food facilities to tourists.

The term tourism related industry includes:

- Travel agencies, tour operating agencies and tourist transport operating agencies.
- Units providing facilities for cultural, adventure and wildlife experience to tourists.
- Surface, air and water transport facilities for tourists.
- Convention/seminar units and organizations.

1.2.5 Helping of Information & Technology

Thanks in part to its booming IT and outsourcing industry a growing number of business trips are made by foreigners to India, who will often add a weekend break or longer holiday to their trip. Foreign tourists spend more in India than almost any other country worldwide.

The seven 'S' are the main objectives in the Tourism Sectors to motivate the local and international tourist to the destination.

1.3 Objectives of the Study

The field survey in a State will be conducted for a period of 12 months in all districts of the State. The survey will be used to obtain the following month-wise information for each district:

- a. Estimated number of visits
 - (i) Visits by overnight visitors- staying at accommodation units;
 - Staying with friends and relatives.
 - Others, such as those staying in tented accommodations provided by State Govt. or by any other charitable organizations, etc.
 - (ii) Visits by same-day visitors.
- b. Profile of visitors, their expenditure pattern, purpose of visits, etc.

1.4 Terms of Reference

The Terms of Reference (TOR) of the Tourism Surveys in the States/ UTs are as follows:

- (i) Prepare a frame/ list of all important tourist places in the State.
- (ii) As per the methodology developed by Ministry of Tourism (enclosed at Appendix-D) for preparation of month-wise and annual estimates, prepare the following estimates, separately for foreign and domestic visitors (with breakup of overnight tourists and same-day visitors), for the selected tourist places, at district level and at State level:
 - (a) Total number of tourists (over-night).
 - (b) Total number of same-day visitors.
 - (c) Total number of tourists staying with friends/ relatives.
 - (d) Expenditure incurred by tourists (over-night).
 - (e) Expenditure incurred by same-day visitors.
 - (f) Expenditure incurred by tourists staying with friends/ relatives.

- (g) Profiling the tourists/ visitors at district and State level in respect of age, sex, occupation, purpose of visit, State/UT of residence or country of nationality, duration of stay, mode of journey, use of package tour, etc.
- (iii) As per the methodology (enclosed at Annexure-I), prepare month-wise and annual estimates of occupancy rate of accommodation units at district and State levels.
- (iv) Conduct one-day workshop for the officers of the State to be surveyed and a few other States and organizations. Total number of participants would be around 30. Details of the exercise and the methodology to be adopted for estimating the number of tourists and other parameters mentioned in other para's of TOR will be explained by the consultants in the workshop. Also organize a workshop in each State at the end of the survey to discuss the report of the survey.
- (v) Prepare a frame/ list of tourist place-wise all accommodation units, like hotels, Dharamshalas, guest houses, etc. for conducting State level survey on tourism. Update this frame/ list on quarterly basis; and accordingly revise the coverage. This frame should include information on rooms, beds and employment, etc. Also conduct survey of selected tourists staying in accommodation units to identify the purpose of their visits.
- (vi) Based on the methodology, collect and compile data about domestic and foreign tourists to provide information as mentioned at S. No. (ii) above. Market Research Division, Ministry of Tourism, Government of India.
- (vii) Based on the information on employment in the accommodation units in the Sampling frame, estimate direct employment generated in accommodation units at district and State levels.

Collect information on the annual expenditure incurred by State Government at the selected tourist places, at district level and at the State level for development of tourism.

1.5 Plan for the Survey

In the identified town two type of survey namely survey at tourist destination and survey of accommodation units will be done and also survey at important Entry/Exit points of the district will be conducted. The methodology envisages three stage sampling. The first stage units will be the towns important from tourism perspective, the second stage units will be the tourist destinations in the selected town or linked to the selected town, and the visitors within a tourist destination will constitute the third stage units. The procedure for selection of first, second and third stage units are given below:

- (i) Selection of Towns important for Tourism.
 - (ii) Selection of Tourist Destinations in the Selected Town.
 - (iii) Selection of Visitors at a Tourist Destination for brief profiling.
 - (a) Sample size of visitors at district level.
 - (iv) Distribution of Sample Size in Towns and at Tourist Destinations.
 - (a) Distribution of sample size amongst selected towns in a district.
 - (b) Distribution of sample size among tourist destinations in a selected town.
 - (c) Selection of days for survey of visitors in different months.
 - (d) Canvassing of schedules to the visitors for brief profile.
 - (v) Details of the Surveys.
 - (A) Survey at Tourist Destinations
 - (a) Total number of visits
 - (i) Ticketed Destinations:
 - (ii) Non-Ticketed Destinations:-
 - (b) Brief Profile of Visitors
 - (B) Survey of Accommodation Units
 - (C) Survey at Entry/Exit Points of the district
- There are four types of questionnaires for the study
- a) Accommodation Census (Quarterly).
 - b) Accommodation Survey (Monthly).

c) Short survey at Tourist Destinations.

d) Tourist survey at exit points.

Map of Tripura

		3	Bhubaneswari temple
		4	Tin Mandir
		5	Trishna wildlife sanctuary
		6	Deer park at Patichari
		7	Pilak
		8	Rowa wildlife Sanctuary
		9	Mahamuni Pagoda
		10	Devtamura
8.	West Tripura	1	Ujjayanta Palace
		2	Tripura Government Museum
		3	Sukanta Academy
		4	Nehru Park
		5	Rabindra Kanan
		6	Benuban Bihar
		7	Nazrul Kalashetra
		8	Jagganath Temple
		9	Handicrafts Designing Centre
		10	Heritage Park
		11	Rudrasagar Lake
		12	Boxanagar

1.7 Data Collection and Supervision

Structured questionnaires will be administered by a team of trained field interviewers employed by Datamation Field investigators will be supervised by a supervisor. The operation manager will ensure authenticity of the data being collected. The project manager stationed at our Head Office will be responsible for this assignment; he will also travel to different tourist destinations of the State as and when required.

1.8 Quality Control, Scrutiny & Tabulation Plan

Field Interviewers will undergo training & orientation prior to start of survey. There will be a supervisor managing the interviewers. Operation Manager and Project Manager will carry out random checks. 40% telephonic back check of accommodation survey will be carried out. Random telephonic checks will also be carried out on entry/ exit questionnaires. Incomplete questionnaires will be rejected and not included in the sample of response.

-  100% scrutiny of completed forms will be carried out prior to data entry by executives trained in questionnaire coding and scrutiny.
-  After the questionnaires have been scrutinized and coded, the contents/ data of each will be computerized.

The data files thus created will be compatible with MS Excel and SPSS formats.

Chapter 2: Findings of the Study

2.0 Findings of the Survey

Following the methodology in the previous Section, the four different types of survey, namely, enumeration and short survey at destinations, exit survey at exit point(s) at district headquarters and accommodation unit survey were conducted during the period March 2014 to February 2015. The survey data were tabulated following the approved tabulation program and estimates of various parameters were made as per estimation procedure detailed at Appendix-D. It may be noted that in consultation with the Tripura Tourism Department 36 destinations were selected covering all the 8 districts of Tripura and the list of these selected destinations is given at Appendix-E. The coverage of various surveys under the present assignment is presented at Table 2.1.

Table 2.1 Coverage at a Glance

Coverage at a Glance					
S. No.	Survey Type	Sample Size			
		Per Month per district	Per Quarter per district	Per Annum Aggregate for	
				per district	State (8 district)
1	Short Survey	600	1800	7200	57600
2	Exit Point Survey	-	400	1600	12800
3	Accommodation Survey (Census)	-	Census#	-

Chapter 3 Entry/ Exit Point Survey Findings

The sample sizes of the four groups are 6733 domestic overnight, 5295 domestic same day and 694 foreign overnight visitors and 118 foreign same day visitors. Most of the domestic visitors (44.6%) were interviewed at the bus station. Nearly 54% of the foreigners were interviewed at airport.

Table 3.1 Survey point of Sample Domestic Visitors (%)

Point	Domestic	Foreign
Railway station	3.1	0.0
Air port	44.6	53.3
Bus Station	34.7	0.0
Hotel	17.6	46.7
Total	100	100

3.0 Characteristics of the Sample Tourists of the Survey conducted at Entry/Exit Points

Age distribution of sample domestic visitors is given in Table 3.2. The survey findings suggest that most of the male and female domestic overnight as well as same day visitors are in the age category of 25-44 years. Only very small proportion of domestic overnight and same day visitors is of 55 or more years of age.

Table 3.2 Age Distribution of Sample Domestic Visitors (%)

Age Group	Domestic Overnight Visitors		Domestic Same day Visitors	
	Male	Female	Male	Female
15–24 Years	14.6	22.7	20.4	26.7
25–34 Years	31.4	38.4	40.4	27.8
35–44 Years	41.1	29.4	29.2	24.5
45–54 Years	8.2	6.3	6.2	17.8
55+ Years	4.7	3.2	3.8	3.2
Total	100	100	100	100

Fig 3.1 Age Distribution of Sample Domestic Visitors

Age distribution of sample foreign visitors is given in Table 3.3. The survey findings suggest that majority (67.3%) of foreign overnight male visitors is aged 25–44 years and the corresponding figure for females is 70.9%. Among the same day male visitors, 69.1% are aged between 25 and 44 years while 74% women visitors are between 25-44 years.

Table 3.3 Age Distribution of Sample Foreign Visitors (%)

Age Group	Overnight Visitors		Same day Visitors	
	Male	Female	Male	Female
15 – 24 Years	13.7	11.7	19.5	17.4
25 – 34 Years	35.7	41.2	40.4	39.7
35 – 44 Years	31.6	29.7	28.7	34.3

Total	100	100	100	100

**Fig 3.5 Companion in the travel of the Sample Visitors**

Table 3.6 shows the tourists' companions for their travel. The highest proportion (41.9%) of domestic overnight tourists travelled with their family and 30.5% of the same day visitors travelled with their friends. Among the foreign overnight tourists, the highest proportion (44.3%) came with their family while 36.3% same day visitors came with their family and friends.

Table 3.7 No. of Persons accompanied the Sample Visitors (%)

Number	Domestic		Foreign	
	Overnight	Same Day	Overnight	Same Day
<=3	36.8	42.3	71.6	68.2
4-5	35.2	36.5	24.9	29.4
6-7	21.5	18.8	3.5	2.4
8+	6.5	2.4	0	0
Total	100	100	100	100

The number of persons accompanied the visitors who came in groups is presented in Table 3.7. About three fourth of the foreign overnight visitors were accompanied by one or two or three persons and 68.2% of same day visitors were in this category. Majority of the overnight domestic visitors came with 4-5 persons and the highest proportion (42.3%) for same day visitors is with 3 or less persons.

Table 3.8 Gender & Age Distribution of the Companions of the Sample Visitors (%)

Characteristics	Domestic		Foreign	
	Overnight	Same Day	Overnight	Same Day
Gender				
Male	59.8	63.4	64.5	71.4
Female	40.2	36.6	35.5	28.6
Age in Years				
<20	13.8	8.7	7.8	4.6
21-30	36.4	41.6	43.4	49.4
31-40	31.6	36.7	29.4	39.5
41-50	15.3	9.6	17.7	3.7
51+	2.9	3.4	1.7	2.8
Total	100	100	100	100

Table 3.8 shows the gender and age distribution of the companions of the visitors. Most of the same day visitors (both domestic and foreign) came with males. The highest proportions of the three groups (domestic overnight, domestic same day and foreign overnight) have companions with age between 21 and 30 years while for foreign same day visitors have more companions with age between 31 and 40 years.

Table 3.9 Number of nights spent in that place (%)

Number of Nights	Domestic Overnight	Foreign Overnight
1	41.4	40.2
2	47.3	56.3
3 or more	11.3	3.5
Total	100	100

Table 3.9 shows the number of nights the visitor spent in that location. Nearly 47.3% of the domestic spent two nights while 56.3% of the foreigners spent two nights in that location.

Fig 3.6 Number of nights spent in that place (%)

Details of annual household income of the sample domestic visitors are given in Table 3.10. The survey findings suggest that majority (52.4%) of the domestic overnight visitors had an annual household income between Rs,60001-Rs,200000/- and 73.7% of the domestic same day visitors were coming under the household annual income range of Rs.60001 – Rs.5,00,000.

Table 3.10 Annual Household income of the Sample Domestic Visitors (%)

Household annual income	Domestic Overnight Visitors	Domestic Same Day Visitors
Less than Rs.60,000	13.5	17.6
Rs.60,001 – Rs.1,00,000	21.6	22.4
Rs.1,00,001 – Rs.2,00,000	30.8	32.6

Appendix D: Methodology

I. Introduction

Ministry of Tourism compiles data on domestic and foreign tourist visits in States/ UTs based on the information received from the State/ UT Governments. Such information at State/ UT level is generally collected by State Tourism Departments on the basis of administrative records and returns. In many cases, the information supplied does not cover the same-day visitors, visitors staying with friends and relatives, etc. Doubts have been also expressed by experts about the reliability of the data on domestic and foreign tourist visits released every year.

A need was felt to prepare a standard methodology for estimation of number of visitors at district level which can be used by the State/ UT Governments. This methodology should enable the compilation of such data on monthly basis. In the absence of reliable state level data, the methodology would necessarily have to include large scale survey. However, the methodology should also help in preparation of estimates of number of visitors, for some years after the base line survey, mainly based on the information to be collected from the accommodation units, without resorting to regular large scale survey.

Keeping these requirements in view, a methodology has been prepared which was initially used in the tourism surveys commissioned by the Ministry of Tourism in 5 states namely, Andhra Pradesh, Delhi, Jharkhand, Maharashtra and Punjab. Now the same methodology, with some improvements, is being used in commissioning tourism surveys in the States of Andaman & Nicobar, Meghalaya, Tripura, Tripura & West Bengal. The details of the methodology are given in the subsequent paragraphs.

II. Definitions

The definitions of various terms to be used in the survey are given below.

Usual place of Residence:

The usual place of residence of a person is the village/ town where the person has been staying continuously for at least 6 months prior to the date of the survey.

Usual Environment:

The usual environment refers to the geographical boundaries within which a person moves within his/ her regular routine of life.

Trip:

A trip refers to the travel by a person from the time of departure from his usual environment until he/ she returns. It, thus, refers to a round trip. A trip may be made up of visits to different places.

Visitor:

A visitor is a traveller taking a trip to a main destination outside his/ her usual environment for any main purpose (business, leisure or other personal purpose) other than to be employed at the place visited.

Tourist:

A visitor is classified as a tourist if his/ her trip includes an overnight stay. A tourist is also referred to as an overnight visitor.

Same-day visitor:

A visitor is classified as a same-day visitor if his/ her trip does not include an overnight stay. A same-day visitor is also referred to as an excursionist.

Exclusion:

The same-day visitors at a tourist destination for whom the tourism destination is part of their usual environment, are not considered same-day visitors for the purpose of this survey.

Foreign Visitor:

A visitor having a foreign passport will be treated as a foreign visitor. Even a Non-Resident Indian (NRI) will be treated as a foreign visitor. NRIs have Indian passports but may be living, or are likely to live, in other countries for 6 months or more.

Domestic Visitor:

A visitor who is a resident Indian, will be treated as a domestic visitor.

Tourist Destination:

The tourist destinations would generally be as defined by the State in terms of geographical area and tourist interest. A tourist destination should be a clearly identified area/ location. A tourist location could be a ticketed closed area, non-ticketed closed area, or an open area without clearly specified boundaries. It may be a location maintained by Central Govt., State Govt., local body or any other organization, including those run by the private sector. A tourist location may consist of more than one tourist spots. However, the following norms should be adhered to for identifying a tourist location as a tourist destination:

- (i) Each ticketed tourist location will be considered as one tourist destination irrespective of the number of tourist spots at that location covered under the common ticket.
- (ii) If there are 2 or more tourist spots within close proximity which are not ticketed, the location would be considered to be a single destination if a visitor usually visits most or all the spots in the same visit.

Town:

Definition of the town will be same as that used in 2001 Population Census of India.

Entry/Exit Point:

Entry/Exit Point of a District would be generally include all types of entry/ exit points such as airports, railway stations, inter district bus terminals, etc. through which the visitors generally enter or exit from the district.

III. Objective

The field survey in a State will be conducted for a period of 12 months in all districts of the State. The survey will be used to obtain the following month-wise information for each district:

a. Estimated number of visits

- (i) Visits by overnight visitors- staying at accommodation units;
 - staying with friends and relatives
 - others, such as those staying in tented accommodations provided by State Govt. or by any other charitable organizations, etc.
- (ii) Visits by same-day visitors

b. Profile of visitors, their expenditure pattern, purpose of visits, etc.

c. Occupancy rates and direct employment in accommodation units.

IV. Approach

To meet the objectives, first the tourist destinations have to be identified before the start of the survey. Two possible variable studied for identification of the tourist destination were- number of tourists and number of accommodation units. However, interaction of the consultant with the state authority revealed that past data on number of tourists at various destinations are generally not available. Similarly, the analysis of the unit level data of Economic Census 2005 revealed that data on number of hotels below the district level are not available. Therefore, first towns important from tourist angle have to be identified. All the tourist destinations in the identified towns will be covered in the survey. In the identified towns two types of survey, namely Survey at tourist destination and Survey of Accommodation units will be done. The survey of tourist destination will broadly provide the estimate of tourists for leisure purpose, however, the purpose of the survey is to have an estimate of tourists for all type of purposes such as visiting friends and relatives, business, etc. Similarly, the Survey at tourist destination and at Accommodation unit will not provide information about the visitors staying with friends and relatives and in accommodation units but not visiting any tourist destination as well as same day visitors not visiting any tourist destinations. To get these information, survey at important Entry/Exit Points of the district will be also conducted. The ratio obtained from

this exit survey will be used to find out the estimate of tourist for non-leisure purposes. However, this adjustment will be done only at district level.

The district level estimates will be worked out by adding the leisure tourists at all the towns covered in the survey. The estimate of non-leisure tourists will be worked out from the data of exit survey and added to the estimate of leisure tourists to find out the district level estimate of visitors. The state level estimate of visitors (tourists and same day visitors) will be worked out by adding the district level estimates of visitors.

V. Methodology

The methodology envisages three stage sampling. The first stage units will be the towns important from tourism perspective, the second stage units will be the tourist destinations in the selected town or linked to the selected town, and the visitors within a tourist destination will constitute the third stage units. The procedure for selection of first, second and third stage units are given below:

(i) Selection of Towns important for Tourism

In the absence of reliable information about the number of tourists or accommodation units at tourist destination, towns which are important from tourism perspective, will be identified in each district in consultation with the State Government. Apart from such towns, the towns which cater to the accommodation needs of visitors to important tourist destinations located in non-urban areas will also be identified. For the latter cases, only one – the most important – town will be identified with one tourist destination.

(ii) Selection of Tourist Destinations in the Selected Town

If the number of tourist destinations in a selected town is 5 or less then all the destinations will be covered in the survey. In case the number of tourist destinations in a selected town is more than 5, then the total number of destinations has to be more than 5, exact number will be decided in consultation with State Government.

(iii) Selection of Visitors at a Tourist Destination for brief profiling**(a) Sample size of visitors at district level**

The sample is required for estimating the number of visitors at district level from the data collected at destination/spot level. Statistically, the sample size may be obtained from the following expression, $n = Z^2_{1-\alpha/2} p(1-p)/d^2$

where p = anticipated proportion to be estimated

$100(1 - \alpha/2)\%$ is the confidence level and

d = absolute precision required on either side in the proportion in percentage points

- (a) Statistically, we require a sample size of about 400 respondents (384 to be exact) to get estimate of a parameter with a precision of 5% points and 95% level of confidence. As the data is required on monthly basis this sample size is required on a monthly basis. For the proposed survey, however, the sample size will be 600 per month. If in certain months these numbers are not available, the shortfall should be covered in next month. If a particular district is not important from tourism perspective and the sample size of 600 tourists is not likely to be available for the survey, then some portion of this sample size will be allocated to other districts having larger no. of tourists. This redistribution must be done in consultation with MOT after 2 months of the launch of the survey.
- (b) At State level, the sample size of 600 x no. of Districts for the survey at Tourist Destinations has to be maintained.

(iv) Distribution of Sample Size in Towns and at Tourist Destinations

- (a) Distribution of sample size amongst selected towns in a district: The district sample size of 600 visitors will be distributed among the selected towns in proportion to the 2001 Census population of these towns. In a few cases, it may so happen that the town population is small but it attracts a large number of visitors. In such cases, some reallocation of sample size among towns may be required.

- (b) Distribution of sample size among tourist destinations in a selected town: If there are more than one tourist destinations in a selected town, the sample size allocated for the town will be equally distributed among the tourist destinations.
- (c) Selection of days for survey of visitors in different months:

The survey will be conducted during all the 12 months of the year at each selected destination. Information about important festivals, fairs, religious events at the selected tourist destinations will be collected in advance for the 12-month period. In a particular month at a particular destination, survey will be done during 2 weeks. In the first week, first 3 days of the week will be covered, and in the second week last 4 days of the week will be covered. For this purpose, first day of the month will be considered as the first day of the week. The dates of survey at a tourist destination during the 12 months will be as follows.

Month	Weeks	Days of weeks	Dates of the month
First	First and Third	1 st week: 1-3 days 3 rd week: 4-7 days	1,2,3,18,19,20,21
Second	Second and Fourth	2 nd week: 1-3 days 4 th week: 4-7 days	8,9,10, 25,26,27,28
Third	First and Fourth	1 st week: 1-3 days 4 th week: 4-7 days	1,2,3,25,26,27,28
Fourth	Second and Third	2 nd week: 1-3 days 3 rd week: 4-7 days	8,9,10,18,19,20,21
Fifth	First and Second	1 st week: 1-3 days 2 nd week: 4-7 days	1,2,3,11,12,13,14
Sixth	Third and Fourth	3 rd week: 1-3 days 4 th week: 4-7 days	15,16,17, 25,26,27,28
Seventh to Twelve	Above pattern will be repeated		

The date and week on which important tourism event is scheduled to take place at the selected tourist destination will be positively covered. If the important tourist event at the selected tourist destination falls outside the selected week and dates, the nearest week/dates

will be substituted by the week/dates of the special event. The sample size allocated for each month should be captured. However if at some districts shortfall in the sample size is found to be of serious nature the same may be brought immediately to the notice of MOT for corrective action.

Generally, the Time Slots for the survey at a destination should be such that these cover the varying visitor traffic pattern. For example at some religious places visitors visit the destination in early morning and/ or late evening. Similarly fairs and festivals may draw large number of visitors during late hours in the evening. Time slots of the survey at each destination should be devised in a manner so as to capture the variations in visitor inflow.

(e) Canvassing of schedules to the visitors for brief profile

The monthly sample size of visitors at a selected tourist destination should be distributed equally on the 7 days of the survey work (in 2 weeks) at the destination. The services of 2 investigators would be required on the selected days at a non- ticketed tourist destination. The first investigator will basically count the number of visitors and second investigator will canvass the schedule to seek the information about overnight/ same -day visitors, domestic/ foreign visitors, etc. At a ticketed tourist destinations perhaps one investigator will be able to canvass the schedule because counting of the visitors may not be required.

(v) Details of the Surveys

(A) Survey at Tourist Destinations

A survey of visitors at tourist destinations has to be done to obtain the following information:

(a) Total number of visits

(i) Ticketed Destinations:- If the tourist destination is a ticketed destination with differential pricing for domestic and foreign visitors, the data on number of foreign and domestic visits separately during any day would be available from sale record of tickets. If the destination has common ticket for both domestic and foreign visitors, then an assessment of the distribution of visits by domestic and foreign visitors would have to be made by counting the visitors at the entry point(s). To capture the variations in visitors' number on different days of the week as well as at different time periods of a day, this exercise would have to be

carried out at different periods of time of the day, and on different days of the week. Many destinations attract large number of visitors during specific periods of the year, such as Kumbh Mela, Suraj Kund Mela, etc. Such periods should be identified in advance, and the survey should cover such specific periods.

(ii) Non-Ticketed Destinations:- In such cases, the total number of visitors, during the day, along with its break-up into domestic and foreign visitors, has to be assessed by counting the number of such visitors at specified time slot at entry point (s). If there are more than one entry points to the tourist destination, all should be covered by pre-specified rotation, for counting the number and broad distribution. If there is no specific entry point, investigator will have to notionally designate appropriate points as entry points based on the flow of visitors to such a destination.

(b) Brief Profile of Visitors

Break-up of number of visitors into overnight visitors staying at accommodation units, overnight visitors staying with friends and relatives, other overnight visitors, and the same-day visitors, separately for domestic and foreign visitors, has to be obtained. For this, a small questionnaire, comprising 5 -6 questions, has to be canvassed. As getting this information is the prime objective of the survey, the sample size should be adequate to provide the desired breakup of different type of visits.

In para V(iii)(a), the desired sample size at district level has been worked out to be 400 visitors. However, it has been decided that the number of visitors to be selected for this short profile survey will be 600 per district per month.

(B) Survey of Accommodation Units

All the accommodation units (hotels, tourist lodges, dharamshalas, motels, Govt./ private companies, guest houses, etc.) in the selected towns will be listed with the help of Municipal Corporations or other competent authorities. If a tourist destination not located in the town is linked to a non-urban tourist destination in terms of providing accommodation facilities to

tourists visiting that destination, the list of additional accommodation units located near such tourist destinations will also be included in the list of accommodation units of the town.

The accommodation units so listed will be grouped in the following categories:

(a) Classified hotels

(b) Other accommodation units-

I. Having more than 20 rooms

II. Having 10-20 rooms

II. Having less than 10 rooms

From all the selected accommodation units, the following 2 types of information will be collected:

(i) Particulars of the accommodation unit- Apart from the identification details, the information would be collected on number of rooms, number of beds, total number of persons employed, annual turnover, etc. This information would be collected initially, and thereafter updated every quarter along with the updating of the list of accommodation units.

(ii) Information about overnight visitors- Based on the records available with the accommodation units, information on number of guests checked-in, number of nights spent, whether domestic or foreign, residency status of the tourists (within the state, within country, outside country), purpose of their visit etc. would be collected. This information has to be collected every month for the preceding month.

All the classified hotels would be covered for collecting both the information. For the remaining 3 categories of accommodation units, 10% of the units in each will be covered. These 10% accommodation units will be selected by using circular systematic sampling method.

In metropolitan cities, list of all the accommodation units will have to be prepared for the survey work.

For collecting information about the number of visitors and their other details as well as information about the accommodation units for a particular month, the selected accommodation units will be visited in the 1st week of the succeeding month.

(C) Survey at Entry/Exit Points of the district

The survey at the tourist destinations will not be able to capture the following categories of visitors:

- (a) visitors staying with friends and relatives and not visiting any tourist destination;
- (b) visitors staying in accommodation units but not visiting any tourist destination; (c) same day visitors not visiting any tourist destination

For having an idea about the total number of visitors in the district, information about visitors collected at tourist destinations has to be supplemented by information on the above categories of visitors. Exit survey of the visitors at the major exit/ entry points of the district will provide information about the above mentioned categories of visitors, as well as help in obtaining detailed profile of the visitors. If the district has an exceptionally important destination drawing a large no. of visitors, (such as Tirupati in Chittoor District of Andhra Pradesh) then such a destination should be treated as a separate notional district and tourism survey activities (involving destination survey, exit survey and accommodation survey) have to be planned and executed there accordingly. Before the exit survey is started the exit points for each district have to be intimated to the MOT. In view of the fact that the profile of the visitors is not likely to change over a short time interval, profile of visitors will be generated only at district level on quarterly basis. The requirement of the sample size for this exercise would also be less. It has been decided to conduct the interviews of 400 visitors every quarter in each district for the exit survey. Ideally the sample size should be equally distributed among domestic and foreign visitors however, in places where foreign visitors, are not available throughout the month the sample size allocated for them should be allocated to domestic visitors.

As the information collected in the exit survey is to be used for estimating the number of non-leisure visitors in the district, the exit survey will be conducted only in the first month of the quarter so that its result can be used for the three months of the quarter. All the four weeks as well as the days (week days and weekends) in a month should be covered on representative basis.

During the 1st Quarter the distribution of sample size should be as follows:

Exit	Weeks	Days	Dates of the month	Sample Size
1	1 st week	1-3	1,2,3	50
2	2 nd week	4-7	11, 12, 13, 14	50
3	3 rd week	1-3	15, 16, 17	50
4	4 th week	4-7	25, 26, 27, 28	50

The remaining sample of 200 should be distributed accordingly based on the secondary information about the flow of travelers' traffic.

For the remaining 3 quarters the sample size should be reallocated among the week days as per the experience of daily tourist flow in the 1st quarter.

The sample size allocated for each quarter should be captured. However if at some districts shortfall in the sample size is found to be of serious nature the same may be brought immediately to the notice of MOT for corrective action.

Consultant cannot reduce the sample size on their own.

Conduct of exit survey should be avoided during periods when some part of the district attracts disproportionately large number of visitors, such as periods of fairs, festivals or events of religious or business importance.

As the monthly data of visitors will be required by the State/ UT Governments in future also the outcome of this survey will be utilized in the following manner by the State/ UT Governments.

(a) States currently being covered in the survey:

The list of accommodation units in the selected tourist destinations in these States/UTs compiled by the consultant will be made available to the State/ UT Governments. After the completion of the survey, State/ UT Governments may update this list on a regular basis. The information about distribution of various categories of visitors obtained from the current survey will be appropriately combined with the information on number of visitors staying in accommodation units to estimate total number of visitors in the district in subsequent periods.

(b) States/ UTs not being covered in the survey:

The baseline survey of the type described in this note may have to be conducted in other States and the suggested methodology would be used to prepare the monthly estimates of visitors.

Appendix E: List of Destinations

S. No.	District Name	Destination Name	
1.	Dhalai	1	Longtharai Mandir
		2	Kamaleswari Mandir
2.	Sipahijala	1	Sipahijala Wildlife Sanctuary
3.	Khowai	1	Khowai
4.	Gomati	1	Gomati wildlife Sanctuary
		2	Tirthamukh
5.	Unakoti	1	Unakoti
6.	North Tripura	1	Laxmi Narayan temple
		2	Jampui Hill
		3	Purano Rajbari
		4	Rangauti at kaiiashahar
		5	Bhagabati Mandir
		6	Kumarghat
		7	Buddhist Temple at Pecharthal
7.	South Tripura	1	Tirhthamukh
		2	Sundari temple
		3	Bhubaneswari temple
		4	Tin Mandir
		5	Trishna wildlife sanctuary
		6	Deer park at Patichari
		7	Pilak
		8	Rowa wildlife Sanctuary
		9	Mahamuni Pagoda
		10	Devtamura
8.	West Tripura	1	Ujjayanta Palace
		2	Tripura Government Museum
		3	Sukanta Academy
		4	Nehru Park
		5	Rabindra Kanan
		6	Benuban Bihar
		7	Nazrul Kalashetra
		8	Jagganath Temple
		9	Handicrafts Designing Centre
		10	Heritage Park
		11	Rudrasagar Lake
		12	Boxanagar

Appendix F: Questionnaire's

Short Survey Questionnaire:

Entry Point:.....

Month:

Year:

1. Is your purpose of travel one of the following?

a. Travelling /commuting to work or getting employment.

Yes / No

b. Travelling/ commuting for setting up of residence.

Yes / No

If the answer to 1.a or 1.b is yes then discontinue the Questionnaire.

2 Are you a

[1] Indian

[2] Foreigner

[3] NRI

If Indian, where do you reside

i) Within same city

ii) same district

iii) Other district of the state

iv) Outside the state, **specify state code**

If the answer in 1 is WITHIN SAME CITY, ask the following:

Frequency of visit to this Tourist spot

a) Once in 7 days

b) Once in 15 days

c) Once in Month

d) Once in six months

If response is a) OR b) OR c) TERMINATE THE QUESTIONNAIRE

3. Type of Tourist

[1] Overnight visitor [2] same day visitor

4. If Foreigner country of nationality

5. If NRI, country of residence

6. If overnight visitor, place of stay

[1] Hired accommodation

[2] Friends & relatives

[3] other free accommodation

7. Sex: MALE /FEMALE

8. From where did you get information about tourist destinations in this State? **READ OUT OPTIONS & TICK (MULTIPLE RESPONSE)**

[1] Indian Embassy in your country

[2] Indian tourism bureau in your country

[3] Indian tourism offices in India

[4] State tourism department

[5] Travel agents

[6] Internet: a) WEBSITE OF MOT b) OTHER WEBSITE

[7] Travel books/ guides/ magazines / newspaper

[8] Relatives/ friends

[9] If any other, please specify

Name of the investigator: _____ Date: _____

[1] Railway Station [2] Airport [3] Bus Station [4] Hotel

DEMOGRAPHIC PROFILE:

(IN CASE OF FAMILY / GROUP, RESPONDENT IS THE HEAD OF THE FAMILY / GROUP)

1. Is your purpose of travel one of the following
- | | |
|---|----------|
| a. Travelling /commuting to work or getting employment. | Yes / No |
| b. Travelling/ commuting for setting up of residence. | Yes / No |

If the answer to 1.a or 1.b is yes then discontinue the Questionnaire.

2. Type of tourist: [1] Over-night visitor [2] Same-day visitor

3.Name: _____ Telephone/ Mobile No. (With STD/ISD

Codes)_____ E. Mail Address:

4. Please tell me your approximate age? _____ Years

5. Record gender: [1] Male [2] Female

6. Are you? [1] Married [2] Recently Married [3] Never Married [4] Others----- (Widow etc)

7. When did you arrive here? Date: _____

8. Are you traveling...? READ OUT OPTIONS & TICK (SINGLE RESPONSE)

[1] Alone [2] With Family [3] With Friends [4] With Family and Friends

<IF ANSWER TO Q. 8 IS 2 OR 3 OR 4, THEN ASK Q. NO. 9 & 10 >

9. How many people have traveled with you? _____

10. Please give the information about gender and age of people, who have traveled with you? ASK & RECORD

Male	Age Comp. Yrs	Female	Age Comp. YRS

11. How many nights have you spent in this place? _____

12. Are you a... [1] Indian (GO TO Q.13) [2] Foreigner (GO TO Q. 20) [3] NRI (GO TO Q. 26)

<IF RESPONDENT IS AN INDIAN IN Q. 12, THEN ASK Q. 13>

13. Which state/ union territory of India do you reside in? _____

<ASK Q. 14 IF THE RESPONDENT BELONGS TO THE STATE OF (Name of the State) IN Q. 13 >

14. [1] Do you live in this city? Y/N ☐

[2] within same district ☐

[3] other district of same state ☐

15. Have you traveled to this city before? [1] Yes [2] No

16. How have you traveled to this city? **READ OUT OPTIONS & TICK (SINGLE RESPONSE)**

[1] By train [2] By bus [3] By air

[4] By personal vehicle [5] By taxi [6] Any other

<ASK Q. 17 TO Q. 19 IF THE RESPONDENT BELONGS TO OTHER THAN THE STATE OF SURVEY

17. Before this visit which were the States/ UTs visited by you during the last two years

[1] None

[2] Name of the State /UT

18. How do you compare your experience of visiting the State with the last State/ UT visited?

a. This State Destination is better managed (w.r.t hygiene/ landscaping etc.

[1] Yes [2] No

b. Infrastructure better in this State

[1] Yes [2] No

c. People in tourism related sector more hospitable

[1] Yes [2] No

d. People are more hospitable

[1] Yes [2] No

18. Reason for choosing this State as a tourist destination.

a. Location of preferred destination.

b. Visiting Friends and relatives or for Business and Professional Purposes.

c. Nearer to the Place of Residence.

d. Better infrastructure.

e. Less costly.

f. Attracted by Publicity Measures.

g. Others Specify.....
